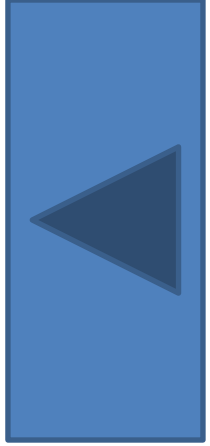
# CHANGELOG

## V1

This is main release of LH.

- Added a debug menu
- Added a sound test, with unused sounds (cough, cough WATER ON THE HILL)
- Added a splash screen, with an animation and beloved FIRE IN THE HOLE
- Mr. Easyface now plays water on the hill instead of Whistle
- Fixed the color of the Mr. Normalface statue
- Settings works now
- garlic bread



# ABOUT

Obviously inspired by GD lobotomy levels.

botomy Hunter is... well, what you'd expect
u play as Sir Normalface who goes on collecting Lobotomies and becoming rich
t suddenly, his enemy, **Mr. Easyface**, appears and challenges him to a final bat
**is was made before I knew paths existed in PP so you control him like M**

Have a FIRE IN THE HOLE Newyears!
